DEAR GROWN-UPS,

Summer is full of opportunities to play and learn and we want to make it easy to find inspiring, kid-friendly activities! That's why we've worked with PBS stations and content creators from across the country to bundle up some of our favorite activities into one, easy-to-carry-any-where book. We hope you and your kids will use this to inspire learning all summer long! Here are a few quick tips to keep your kids excited about learning this summer:

- **ASK LOTS OF QUESTIONS**. Encourage your kids to participate in conversations by asking them questions like: Why do you think that happened? What will happen next?
- **ENCOURAGE KIDS TO SEARCH FOR ANSWERS**. When your children ask you "why?" see if you can work together to figure out what they need to know or do to find the answer.
- **TRY SOMETHING NEW**. Summer is a great time to try new things like reading a new kind of book, tasting a new food or exploring a new park.
- **JUST HAVE FUN.** Summertime only comes along once a year, so be sure to take the time to relax and have fun while you're learning.
- BUILD LASTING. POSITIVE MEMORIES THAT WILL LAST A LIFETIME!

HOW TO USE THIS BOOK

- Keep in mind that this book spans multiple grade levels. Your child won't be using every single page, but choosing a few lessons each week. The goal is to keep kids' brains engaged with a taste of reading, writing, math, art, science, and physical activity every week.
- The grade levels are merely guides to get you started. We recommend starting with
 the grade that your child just completed and adjusting as needed. Don't be shy about
 using a different grade level or just picking and choosing lessons that look interesting.
 This has been a tough year for our children and we want your child to feel proud
 and confident.
- This book aligns with the content on the Michigan Learning Channel, which can be used on live tv or on demand. There are about 2-3 hours a week of video lessons, plus lots of activities in this book that don't use a screen. We recommend getting outside everyday, reading everyday and having enjoyable moments together as a family!
- This book is designed to use for 8 weeks of summer. We suggest spreading it out over a few days each week and finding a time that works for your family. If you have older children they may do better in the evenings.
- As you go through the weeks, you will find each week has a theme and a link to videos that go with the activities. You can find all the video lessons, plus interactive virtual events and more at www.michiganlearning.org/summer.

How do the students in your life use the Michigan Learning Channel? We would love your feedback! Feel free to contact us at mlc@dptv.org.

Michigan Learning Channel Team MichiganLearning.org

Dates and Themes

The summer program runs from June 20 to August 14, 2022.

Each week has a set of lessons, plus additional programs, activities, and field trips based on the weekly theme.

Take Flight (June 20-26):

From planes and kites to butterflies and birds, discover the fables and physics of things that fly.

Under Water (June 27-July 3):

Dive deep into oceans, rivers, and our own Great Lakes to discover what it takes to live beneath the waves.

Heroes (July 4-10):

Celebrate our nation's birthday and the people we call heroes, whether they are veterans, everyday helpers, or the kind who wear capes.

Creatures (July 11-17):

From the prehistoric to the present, learn about the fascinating features of creatures near and far.

Engineering (July 18-24):

Meet the people who design bridges, cars, and video games and learn how to think like an engineer.

Great Outdoors (July 25-31):

Explore the world outside your door and the incredible parks and waters that belong to us all.

When I Grow Up (August 1-7):

All summer we'll learn about different careers—this week, think about all the exciting possibilities in your future!

Shoot for the Stars (August 8-14):

Look up at the night sky and into outer space and meet people who risked everything to follow their dreams.

LIVE Virtual Events

As part of the Summer Program, students can participate in live virtual events via Facebook Live. Events are interactive and presenters will take student suggestions and questions in real time. Recorded versions of these events will also be available online.

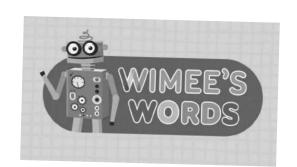

Live virtual events will be hosted on the Michigan Learning Channel Facebook page.

Wimee's Words Live!

Recommended for ages 4-8

Join the loveable robot puppet Wimee and his friends as they discover more about the weekly theme. Wimee needs your help to write stories! Give Wimee your favorite words and ideas in the comments and watch as he incorporates them into stories and songs in real time. Your ideas may even be featured in future episodes of "Wimee's Words" on PBS!

Wimee's Words Live! with the Michigan Learning Channel Every Wednesday, June 21-August 9, 4pm Live on the Michigan Learning Channel Facebook page

Great Lakes Now Watch Party with the Belle Isle Aquarium

Recommended for ages 8 and up

The monthly PBS show Great Lakes Now explores the water, people, and environmental issues that tie together the whole Great Lakes basin. Once a month, they team up with the Belle Isle Aguarium to take a deep dive into the themes of the show. Students will have the chance to ask questions of the guest scientists and meet fantastic fish and other creatures.

Great Lakes Now Watch Party Friday, July 1, 1pm Friday, August 5, 1pm Live on the Michigan Learning Channel Facebook page

On TV. Online. Statewide.

Learn Anywhere! On Air. Online. On Demand.

Serving students statewide through your local PBS station, the Michigan Learning Channel has everything kids need to build their brains and engage in learning key concepts to succeed in school!

Preschool

Read, sing, and play with your little one.

Wimee's Words

Join Wimee, the fun, lovable robot that inspires kids to learn through creativity.

Simple Gift Series

Make music, find something new, and read with Betty the Bookworm.

POP Check

Mindful practice tools to Pause, Own what we are feeling, and Practice relaxing.

Kindergarten to 3rd Grade

Keep kids learning with fun lessons taught by Michigan teachers.

Read, Write, Roar

Kids build literacy skills with engaging ELA lessons.

Math Mights

Build number sense and learn strategies for solving math problems.

InPACT

Get moving with this home-based physical activity program.

4th to 6th Grade

Short, engaging videos and hands-on lessons keep tweens engaged.

Extra Credit

Creative writing, math, fitness, career exploration, and more!

Curious Crew

Dr. Rob Stephensen and inquisitive kids take a hands-on apprach to scientific exploration.

Story Pirates

Bite-sized literary lessons with comedians, authors, and teachers.

Help Amelia find all the words related to her travels!

PLANE FLYING PILOT SKY **PACK FUN**

Find more games and activities at pbskids.org/xavier

Produced by:

ABCmouse.com®
Early Learning Academy

Sponsored by:

Based on Brad Meltzer and ed on Brad Meltzer and Christopher Eliopoulos' best-selling kids book series

Can you think of things that fly?

Birds, bugs, airplanes, helicopters...they all have something in common: For objects to fly, they must overcome gravity with the force of lift!

On the next page you are going to make your own helicopter out of paper! What happens if add more paper clips or drop it upside down?

You will need the following supplies:

Scissors

Paper clips

Crayons/markers

Printed rotor craft

Directions:
CUT along the SOLID lines of each paper helicopter.
Then FOLD along the dotted lines.
Place a paperclip on the folded end of the helicopter.
On the other end of the copter fold the two pieces in opposite directions.
You can color the helicopter with markers or crayons.
Then toss it in the air and watch it twirl slowly to the ground!
Body Tail Faper Clip
SQUARE SINE
the future starts with us

This page was left blank to cut out the activity on the other side.

We were having fun in the yard until the wind blew our stuff all over the place! Now I can't find my hat! My ukulele! And all this other random stuff! Help me find:

As you find things, number them so we can see they're all there. Then color the whole scene.

PARENTS: CLUES YOU CAN USE to help kids find...

- Peg's hat It's on top of a hydrant.
- Peg's uke It's upside down, leaning against the fence.
- 1 number 5 It's on the front of Connie's house.
- 1 fish It's on my roof.
- 6 bones Check Cat's drawing, a roof, under a house, beside the same house, on the front of Viv's house, and under a very Big Dog.
- 1 number 7 It's just beyond a fence.
- 5 marbles Find them on a wheel, in the sky, on a necklace, on Viv's roof, and on a house beyond a 7.

Find more games and activities at poskidsforparents.org

ACTIVITY GUIDE

Episode 202: Precipitation starts

with P

Book: What Is Precipitation? by Robin

Johnson

Letter Heroes

Read the sentence out loud. Highlight or lightly color over the uppercase letter **P's** and lowercase letter **p's**.

Pр

I like playing in puddles!

The next time it rains, put on your boots and jump in a puddle.

Words to Know

- precipitation water that falls from the clouds
- temperature tells us how hot or cold something is
- **rain** liquid water that falls from clouds
- snow solid water that falls from clouds when is it cold
- sleet small hard ice pellets that falls from clouds
- hail hard chunks of ice that falls from clouds

Draw It

Draw the different kinds of precipitation falling from the clouds.

Hunt For Shapes

Direction: Hunt for shapes in the picture. Record how many of each shape are in the picture.

Week 2: Under Water

June 27 – July 3

Dive deep into oceans, rivers, and our own Great Lakes to discover what it takes to live beneath the waves.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO!

Playlists this week: www.michiganlearning.org/underwater

· S

Learn about solid, liquid, and gas	60 mins. of activity	Read 20 minutes	Draw a deep sea fish	Watch Read, Write, ROAR!
Read 20 minutes	Watch Math Mights	Go fishing	Try a new food	60 mins. of activity
60 mins. of activity	Watch Wimee's Words	HAVE FUN! (Free Space)	Go swimming	Read 20 minutes
Watch Read, Write, ROAR!	Watch an ice cube change over time	Watch Math Mights	Watch InPACT at Home	Watch Wimee's Words
Watch InPACT at Home	Read 20 minutes	Pretend to be a fish	60 mins. of activity	Tidy up the kelp forest!

Can you draw a deep sea fish with BIG EYES, a BIG MOUTH, and LONG TEETH?

Creatures that live in the deep typically have large mouths, long teeth and hinged jaws to eat large quantities of scarce food. Many deep sea creatures also have very large eyes to capture scarce light.

FUNDING PROVIDED BY:

Corporation

Ice Cubes ___ and Water: Now and Later

Instructions:

- 1. Fill one plastic, clear cup with water and a second plastic, clear cup with ice.
- 2. Find a piece of chalk, a pencil, and take the two cups and this paper and go outside.
- 3. Pour a small amount of water on the ground. Outline the water puddle with chalk. In the first column, draw what you notice about the water.
- 4. Next, place one of your ice cubes on the ground and outline it with chalk. Leave one ice cube in a clear cup. After 30-minutes, in the second column, draw what you observe about the ice.
- 5. When another 30-minutes pass, write or draw a question you are interested in.

During my investigation	I noticed	this about
the water		

When I first poured the water on the ground, the water looked like this...

After 30-minutes, the water I poured looked like this...

I observed this about the ice...

When I first placed the ice on the ground, the ice looked like this...

After 30-minutes, the ice looked like this..

What do you notice about how liquid water changed?

What do you notice about how solid water (ice) changed?

A question I still wonder about is... ______

I made the connection in my mind when I observed the water and ice that... _____

WIND DANCER

Find more games and activities at pbskidsforparents.org

ABCmouse.com

Water can be found in three different states: liquid, solid, and gas. Look at each picture and read the question below. What state is water in for each picture?

Dee is getting ready to ice skate. What kind of water can Dee ice skate on?

Del has a new pet fish. What kind of water is his fish swimming in?

Dot is waiting for her steamy soup to cool down before she can eat it. What kind of water is steam?

Del has gone for a swim.

What kind of water

does he swim in?

Dot and Dee watch the fog roll across the water.
What kind of water is fog?

Dot and Del are playing in the snow.
What kind of water is snow?

Tidy up the Kelp Forest!

Instructions: Tyke the Pacific Harbor Seal has hidden items that don't belong in the ocean. Can you help Tidy the Garibaldi Fish clean up? Circle the eight items that don't belong.

This could be the most magical book in the world! Draw what's inside.

Join our live interactive shows weekdays @ 4:00p.m. EST at Wimee.tv

Pattern Block Puzzle Challenge

Directions: Cut out the pattern blocks. Use the pattern blocks to cover the image. Count and record how many of each shape you used.

This page was left blank to cut out the activity on the other side.

ACTIVITY GUIDE

Episode 203: Measuring Temperature and The Letter N **Book**: *What is temperature?* By Robin

Iohnson

Read It

Have an adult read the poem out loud to you and talk about the weather in each of the four seasons.

Weather

By Corinne Alt

The seasons help Predict the weather! Fall, Winter, Spring, Summer

We check the temperature To know how to dress, So you don't have to guess!

A thermometer is a tool, That we use to measure If it is hot or cool!

Words to Know

temperature - how hot or cold something is

thermometer - a tool to measure temperature

Practice reading the temperature on a thermometer with an adult.

High Frequency Words

Circle the high-frequency words in the nursery rhyme.

is or

Write It

Highlight or lightly color over the uppercase letter **A's** and lowercase letter **a's** in the nursery rhyme.

Nn

Look for the uppercase letter N and the lowercase letter n on street signs as you are riding in the car.
