## How to Use This Book

We've curated activities that inspire learning all summer long.
Fight the summer slide with math and writing refreshers, then explore your world with scavenger hunts and science experiments the whole family can try. Use the guides below to make the most of this summer!

## (1) <br> Use Grade levels

This book spans multiple grade levels. Choose a few lessons each week and try new ones as needed. Try tougher lessons later in the summer or next year.

Follow Weekly Themes

This book is designed to use for 8 weeks of summer. We suggest spreading it out over a few days each week and finding a time that works for your family.

## Extend the Learning

Scan the QR codes in this book to watch videos with extra instructions and examples. Find all of our summer videos at MichiganLearning.org/ summer

## Share Your Thoughts

Scan this QR code to take a short survey about our Summer of Fun program to let us know what you like about our books and what you'd like to see in the future.

Or VISIT
MichiganLearning.org/SummerSurvey

## Teamwork makes the dream work.

It takes teamwork to help your student make progress in schoolespecially when it involves special education. Michigan Alliance for Families and Special Education Mediation Services are here to help.

## ALL SERVICES ARE FREE.

For help strengthening communication, call Special Education Mediation Services at 833-KIDS-1ST or visit mikids1st.org.

For free resources and support, call 800-552-4821 or visit michiganallianceforfamilies.org.

## Animals (June 19-25)

Explore the animal kingdom for ferocious fun!

## Across America (June 26 - July 2)

From coast to coast, explore what it means to be American

## Sports and Games (July 3-9)

Get serious about fun pastimes, from soccer to Sodoku.

## Engineering (July 10-16)

Tinker, design, build, rebuild, and find engineering everywhere.

## Our Stories (July 17-23)

From legends to our everyday lives, stories shape who we are.

## Great Lakes (July 24-30)

Dive in and explore the lakes that make Michigan special.

## Around the World (July 31 - August 6)

Experience food, art, music, and cultures from around the globe.

## Space (August 7-13)

Meet astronauts and virtually visit the planets and stars. On TV. Online. Statewide.

Learn more about the Michigan Learning Channel at
Facebook Live at fb.me/michlearning www.michiganlearning.org/summer

## Serving students statewide through your local PBS station, the Michigan Learning Channel has everything kids need to build their brains and engage in learning key concepts to succeed in school!

## Preschool

Read, sing, and play with your little one.
Wimee's Words
Join Wimee, the fun, lovable robot that inspires kids to learn through creativity.
Simple Gift Series
Make music, find something new, and read with Betty the Bookworm.
POP Check
Mindful practice tools to Pause, Own what we are feeling, and Practice relaxing.

## Kindergarten to 3rd Grade

Keep kids learning with fun lessons taught by Michigan teachers.
Read, Write, Roar
Kids build literacy skills with engaging ELA lessons.
Math Mights
Build number sense and learn strategies for solving math problems.
InPACT
Get moving with this home-based physical activity program.

## 4th to 6th Grade

Short, engaging videos and hands-on lessons keep tweens engaged.

## Extra Credit

Creative writing, math, fitness, career exploration, and more!
Curious Crew
Dr. Rob Stephensen and inquisitive kids take a hands-on apprach to scientific exploration.

## Story Pirates

Bite-sized literary lessons with comedians, authors, and teachers.

VISIT us online to view all shows, learn about events, and download activities! www.michiganlearning.org Follow @michlearning to find out more.

Explore the animal kingdom for ferocious fun! Our featured careers this week are biologist, zookeeper, and veterinarian. Scan the QR code or visit MichiganLearning.org/Summer/Animals to explore all of our videos this week.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO! Some of them are in this book, and some ask you to use your imagination or go outside.

| Talk to someone who works with animals | 60 mins. of activity | Read for 20 minutes | Make a Wild Kratts Wildlife Journal | Watch Read, Write, ROAR! |
| :---: | :---: | :---: | :---: | :---: |
| Read for 20 minutes | Watch Math Mights | Look for birds | Name 3 animals you can find at a $z 00$ | 60 mins. of activity |
| 60 mins. of activity | Go on a nature treasure hunt | HAVE FUN! (Free Space) | Go for a walk or hike | Read for 20 minutes |
| Watch Read, Write, ROAR! | Spot a squirrel | Watch Math Mights | Watch InPACT at Home | Draw a bird with Cat in the Hat |
| Watch InPACT at Home | Read for 20 minutes | Name 3 kinds of dinosaurs | 60 mins. of activity | Write a story about an animal |

## Wild Kratts Wildlife Journal

Keeping a wildlife journal is a great way to build both observation and writing skills. You don't have to go far - you'd be surprised what is going on just outside your front door!

## Directions

## Creating the Journal:

(You may want to ask an adult for some help.)

1. Fold several sheets of paper in half so that you create a booklet.
2. Look outside your window, walk in your yard, or along your street and take notice of what you see.
3. Customize the journal by creating an illustration on the cover.

## Using the Journal:

1. Write the day's date.
2. Go outside and walk in your yard, along your street, or in a nearby park and take notice of what you see.

- Did you see any animals? Birds? Insects?
-Where are they living?
-What are they doing?
- How many did you see?
- Could you hear them?
- What time of day is it?

3. Write down notes or sketch a picture in your journal, so that you have a record of the thing you observed.
4. After a few entries, take a look back at the things you saw. How were things different each time? What was the same?

Find more games and activities at ploskidsforparents.org

- Several sheets of unlined paper
- Hole punch or stapler for binding
- Ribbon or string to bind
- Markers, pencils or crayons

What I Observed

## Nature Notes

$\qquad$
$\qquad$

## Date

$\qquad$

Location $\qquad$

Find more games and activities at pbskidsforparents.org

## Nature Treasure Hunt

Find 2 different kinds of plants. Draw a picture of each one below. Pay attention to the shapes of leaves and colors of any flowers. How are they alike? How are they different?

Plants I Found

Find 2 different kinds of animals. Draw a picture of each one below. Show as many details as you can. How are they alike? How are they different?

## Animals I Found

Tell someone else about something NEW you learned about a plant or an animal you observed.

Find more games and activities at pbskidsforparents.org

## My Bird Observations

Look out a window and draw a bird that you see.
Tell someone else about the bird. Share what you notice - for example, the colors of the feathers or the shape of its beak. What was it doing?

## Read It

Think of ideas for a narrative story about a time when the daytime or nighttime sky was an important part of the story. Write your ideas on the lines below.

1. $\qquad$
2. $\qquad$
3. $\qquad$
4. $\qquad$
5. 

## Write It

Reread the list of topics that you made above. Before choosing a topic to write about, use the questions below to help you decide which topic is the best fit for your story. Cross out the topics that don't meet your needs.

1. Which topics have important parts that are related to the daytime or nighttime sky?
2. Which topics have something to do with the sky and why it was that way during that time of year?
3. Which topics do I remember well enough to write a story about? Do I remember who was there, how I felt, what it looked like? Will the sky be an important part of the story?
4. Which story am I excited to write about that will help me think about the importance of the daytime or nighttime sky? Who will I share it with?

## ACTIVITY GUIDE

Episode 201: Earth's Landforms and -tch words
Book: Earth's Landforms and Bodies of Water by Natalie Hyde

## Phonics Skills

Landforms are natural features on the Earth's surface. Look at the numbers on the picture below. Write a word from the Words to Know box to label each number with the correct landform.

1. $\qquad$ 2. $\qquad$
2. $\qquad$ 4. $\qquad$

What types of landforms do you have where you live?

## Words to Know

- mountain - a high raised landform that has sloping sides that form a peak.
- hill - a high raised landform that is smaller than a mountain with a rounded top.
- valley - an area found between raised landforms such as mountains or hills.
- plains - large. flat areas of land usually covered in grasses.

## Phonics Skills

Read the passage out loud. Underline the words with the prefix fore- and trans-.

Did you know the Blackpoll Warbler bird weighs less than a pencil? And yet it takes a transoceanic trip every winter! Before using a GPS, scientists didn't foresee this tiny bird flying across the ocean. They were surprised! Scientists think the foremost goal of the Warbler is to migrate quickly.

## Words to Know

A prefix is a word part added to the beginning of a word that changes the meaning of the word.

The prefix trans- means "across" or "beyond".

The prefix fore- means "before" or "in front of".

Q Look for the trans- and foreprefixes in your own reading.

## Write It

Break each word into syllables and write the word parts in the blanks provided.

| word | syllables |  | meaning |
| :--- | :--- | :--- | :--- |
| foresee | fore |  | see |
| forewarn |  |  | to see before it <br> happens |
| foremost |  |  | to warn before <br> something happens |
| transoceanic |  |  | most important |
| transfix |  |  | to go across the <br> ocean |
| transplant |  |  | to make something <br> motionless |

## 10 Frame Shake!

Shake a cup with 10 two-sided counters and dump it out. Count how many of each color you have and record it in the number sentence and number bond. Keep going until you have all 9 combinations for 10.

## Read It

Read the following poem out loud with someone you live with.
Underline the words with the sc and sk blends.

Look up at the sky,
Do you see the clouds skip?
Sketch the night sky,
Do the stars seem to flip?
I have my book in hand to sketch all that I see,
Scoop up your markers or crayons and try to join me!

By Shernita Rodgers

ACTIVITY GUIDE
Episode 204: Earthquakes, Eruptions and "thr" words
Book: Earthquakes, Eruptions, and Other Events that Change Earth by Natalie Hyde

## Write It

Thr- is a blend that usually comes at the beginning of a word. It makes the /thr/ sound like in throb. Use a thr- word from the word box to complete each sentence.

```
through throw throat thrill three thread throne
```

1. To pitch a ball, you $\qquad$ it.
2. This is the number that comes next in this sequence. one, two , $\qquad$ .
3. A king has a special chair that he sits in. It's called a $\qquad$ .
4. An airplane can fly $\qquad$ a cloud.
5. Someone who is sewing is most likely going to use a needle and
$\qquad$ to stitch the sweater up.
6. It was such a $\qquad$ to ride on that big roller coaster.
7. I was nervous and had to clear my $\qquad$ , before I began my speech.

## Draw It

Alliteration is when two or more words close together in a group of words all start with the same letter or sound. Read the following sentence out loud. Draw a picture to go with the sentence.

Shelly shows sheep how to shine shoes.

Book: Swimming Salmon by Kathleen Martin-James

## Phonics Skills

Read the paragraph out loud. Circle the words with the -ous and -en suffixes.

When visiting a lake, you might see a Ring-billed Gull. Although these birds eat fish and insects, you should tighten your grip on your sandwich. These adventurous gulls might feast on your leftovers! Cleaning up your snacks encourages gulls to eat their natural foods.

## Try It

A suffix is a word part added to the end of a word to change a word and its meaning.
-ous
full of, having
-en
to cause to be or have

We often drop the -e on base words when we add suffixes that start with vowels.

## Write It

Combine each base word with the given suffix. Write the new word in the space provided and read each definition. Try using the new words in a sentence, and share them with a family member.

| base word | suffix | new word | meaning |
| :--- | :--- | :--- | :--- |
| danger | ous |  | full of danger |
| fame | ous |  | full of fame |
| fright | en |  | to cause to be <br> afraid |
| sharp | en |  | to cause to <br> become sharp |

$\left.\begin{array}{c}68 \\ 68 \\ 2 \\ 2 \\ \hline 1715\end{array}\right\}$

## Add \& SubTract with Teen <br> Numbers with Value Pak

| Equation | Solve by drawing base ten blocks or model in <br> a double ten frame |
| :---: | :---: |
| $13=10+\square$ |  |
| $10+6=\square$ |  |
| $17=\square+7$ |  |
| $10+\square=15$ |  |
| $2=10-\square$ |  |
| $14-10=\square$ |  |
| $\square=18-10$ |  |

Math Mights 1st Grade \#203| © Strategic Intervention Solutions, LLC | mathmights.org

## Plot and Compare

Directions: Plot the numbers given on the number line and use <, >, or = to compare the two numbers (example: $3<13$ ).

Plot: 681, 618
Compare (use <, >, or =) : $\qquad$
2.

Plot: 315, 366
Compare (use <, >, or =) : $\qquad$
3.

Plot: 560, 460
Compare (use <, >, or =) : $\qquad$

Math Mights 2nd Grade \#303| © Strategic Intervention Solutions, LLC I mathmights.org

## Fraction Match Up

Directions: Using scrap paper, cut squares to cover the cards below. 2 players take turns revealing 2 cards to try and make a match. If you make a match, keep the cards revealed and keep the paper covers to keep score. If you don't make a match, cover the cards back up. Once all the cards are revealed, whoever has the most matching pairs wins!

Math Mights 3rd Grade \#309 | © Strategic Intervention Solutions, LLC | mathmights.org

Get serious about fun pastimes from soccer to Sudoku. Our featured careers this week are dancer, athletic trainer, and musician. Scan the QR code or visit MichiganLearning.org/Summer/Sports to explore all of our videos this week.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO! Some of them are in this book, and some ask you to use your imagination or go outside.

| Practice ballet positions | 60 mins. of activity | Read for 20 minutes | Try something from the InPACT activity deck | Watch Read, Write, ROAR! |
| :---: | :---: | :---: | :---: | :---: |
| Read for 20 minutes | Watch Math Mights | Move like a dinosaur | Design a new board game | 60 mins. of activity |
| 60 mins. of activity | Name 2 famous athletes | HAVE FUN! (Free Space) | Make up a new sport or game | Read for 20 minutes |
| Watch Read, Write, ROAR! | Talk to someone who works outside | Watch Math Mights | Watch InPACT at Home | Try something from the InPACT activity deck |
| Watch InPACT at Home | Read for 20 minutes | Make an obstacle course | 60 mins. of activity | Try a new food |

In 2015, Misty Copeland became the first Black principal ballerina with the American Ballet Theater. Learn the five basic foot positions used in ballet. Create a dance using the positions and add leaping and twirling to your moves just like Misty!

The Five Ballet Positions

This page was left blank to cut out the activity on the other side.

34 | Summer Fun Activity Book | Lower Elementary | Michigan Learning Channel

## Move Like a Dinosaur

Instructions: Can you move like a dinosaur? Here's a list of movements to get you and your child started! To play, have your child stand at one end of the room and move towards you using one of the prompts below.

## WALK like a Theropod

(a bipedal dinosaur that walked on two legs)

## MOVE like a Brachiosaurus

(a quadrupedal dinosaur that walked on all fours)
SPRINT like an Ornithomimus
(a dinosaur with long thin legs for sprinting or running really fast)
GLIDE like a Microraptor
(a small bird-like dinosaur that could move smoothly through the air)

SLITHER like a Sanajeh
(a prehistoric snake that slithered or slid around on its belly)

## STOMP like a T. rex!

(a powerful dinosaur who walked around with loud, heavy steps)
DIVE like a Hesperonis
(a dinosaur that was good at diving deep underwater for fish)

## FLY like a Pteranodon

(like Tiny, Shiny, and Don, Pteranodons could fly through the air very easily)

## SWIM backwards like a Michelinoceras

(a squid-like creature who lived in the ocean and swam backwards)

## HOOT like a Corythosaurus

(a dinosaur with a large crest on top of its head that made a hooting sound like a horn)

## Words to Know

equator - The imaginary line around the middle of the Earth
hemisphere - a half of a sphere or ball
opposite - completely different or located at another side or end
rotate - to move or spin from the center or axis in a circular motion
tilt- when an object is a little bit higher on one side than it is on the other side

## Write It

Use the words from above to fill in the blanks.

The $\qquad$ separates the northern and southern
(s). We have day and night because the Earth
$\qquad$ (s) on its axis. We have the seasons because the Earth is
$\qquad$ (ed). If it is summer in the northern hemisphere then it is winter in the southern hemisphere. That is because the northern and southern hemispheres have $\qquad$ seasons.

Book: Earthquakes, Eruptions, and Other
Events that Change Earth by Natalie Hyde

## Foundational Skills

Read the words in the Word Bank. These are all processes that change the Earth's surface. Write a word from the Word Bank on the line that matches each picture and key word in the same row.
earthquake volcano tsunami landslide

## wave

slide

## erup $\dagger$

## Read I $\dagger$

Read the paragraph out loud. Circle the words with the after- and underprefixes.

Piping Plovers are hard to spot! These endangered, sandy-colored birds are almost invisible on the beach. It is easiest to see plovers when they sprint toward worms and insects that hide just underground. When plovers chase their afternoon snack, you might see their white underside and orange legs.

## Foundational Skills

A prefix is a word part added to the beginning of a word to change a word and its meaning.
after-
later or after
under-
below or less

## Try I $\dagger$

Combine each base word with the given prefix. Write the new word in the space provided and read each definition. Try using the new words in a sentence, and share them with a family member.

| base word | prefix | new word | meaning |
| :--- | :--- | :--- | :--- |
| effect | after- |  | result that happens after <br> some time has passed |
| eat | over- |  | eat more than you <br> should |
| thought | after- |  | something you think <br> about later |
| ground | under- |  | below ground |

Make a 10 With D.C.
Directions: Use the ten frames to make 10. Solve the addition problem.

Math Mights 1st Grade \#206| © Strategic Intervention Solutions, LLC I mathmights.org

## Which is Greater?

## Materials:

- spinner (poke a paperclip through the template to the right)
- place value board (one for each partner)

## Directions:

1. Work with a partner to try to make the greatest 3-digit number you can.
2. Player 1 spins. Player 1 decides if the number should go in the ones, tens, or hundreds place to make the largest 3-digit number. (ex: I rolled a 2 and I think it should go in the ones place because it is a low number. In the hundreds place, it would only be 200.) Use scrap paper to build your number.
3. Player 2 repeats step 2. Continue taking turns spinning until both players have buit their 3-digit number. Record your numbers on the chart below.
4. Work with your partner to compare the 2 numbers and fill in $<,\rangle,=$.
 The player with the greater number wins! Play 5 rounds and the best out of 5 wins!

| Round | Player 1 | Symbol <br> $\rangle=$ | Player 2 | Winner |
| :---: | :---: | :---: | :---: | :---: |
| 1 |  |  |  |  |
| 2 |  |  |  |  |
| 3 |  |  |  |  |
| 4 |  |  |  |  |
| 5 |  |  |  |  |

Locate The Fraction

Directions: Partition each number line. Locate and label each fraction.

Tinker, design, build, rebuild, and find engineering everywhere. Our featured careers this week are engineers from all kinds of specializations, auto design director, and software developer. Scan the QR code or visit MichiganLearning.org/Summer/Engineering to explore all of our videos this week.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO! Some of them are in this book, and some ask you to use your imagination or go outside.

| Draw a family member's car | 60 mins. of activity | Read for 20 minutes | Watch <br> ArchiTREKS | Watch Read, Write, ROAR! |
| :---: | :---: | :---: | :---: | :---: |
| Read for 20 minutes | Watch Math Mights | Name 3 things that use electricity | Ask a family member about their job | 60 mins. of activity |

VAULT / TUNNEL

COLUMN AND BEAM

CANTILEVER

How does your house stay standing? Architects use structures like columns, beams, and arches to make buildings strong and be sure they last for many years. Grab a grown-up or a friend and try to make columns, beams, and arches with your body!

## Sort It

Blends are created when two consonant letters blend together at the beginning of words, but we can still hear each of their sounds.

Read the words in the word box below. Write each word under their correct Sblend.

| star spend swam spin sweater |  | storm |
| :---: | :---: | :---: |
| swim | spot stop |  |
|  | sw | st |
|  |  |  |
|  |  |  |

## Read It

Read the following sentences out loud. Underline the words with the $\mathbf{s p}, \mathbf{s w}$, and $\mathbf{s t}$ blends.

1. We looked for a spot on the crowded beach.
2. "A storm is coming!" said Matt.
3. Other people continued to swim.

## Draw It

Draw a picture to match the sentence.

I wore a sweater during the winter storm.

Look out for words with the sp, sw, and st blends when reading your favorite books.

## The Hexagon Challenge

## Use your Odd Squad agent skills to solve

 The Hexagon Challenge. Print out the two pages.1. Cut out all the shapes from the Shape Box.
2. On the next page, mix and match your shapes to make a hexagon.
3. Record how you did it by drawing the lines of each shape you used like in the example at the top.
4. Reuse your shapes again and again to make more hexagon patterns.

Try to find $\mathbf{8}$ different ways to make a hexagon.

Here's a hexagon made with 4 triangles and a rectangle.

## Shape Box

For more printables, go to pbskidsforparents.org

This page was left blank to cut out the activity on the other side.

Example

When you are finished with the challenge, check out some possible solutions at www.fredrogers.org/odd-squad-hexagon-solution/

For more printables, go to pbskidsforparents.org

## Think About It

Read the following statements, Which are true and which are false?

It's impossible to recycle a soda pop can. $\qquad$

Over half of the garbage we throw out can be recycled. $\qquad$

Plastic garbage often ends up in the sea. $\qquad$ -

## Draw It

Look at each object. Decide if it can be recycled or if it should be thrown in the garbage. Draw a line from each object to where it belongs.

Episode 207: Closed Syllables and Climate Challenges
Book: Magic School Bus and the Climate Change Challenge by Bruce Degen

## Read It

One strategy readers can use to read a word more accurately is to break it into syllables, or word parts.

Rules for Dividing Syllables
Every syllable has one vowel or vowel team.
-Place a dot under each vowel
-Underline any vowel teams,
-Divide between two consonants

## Foundational Skills

A syllable is a word part that has one, and only one vowel sound. Sometimes a syllable will have more than one of these vowels, but they work together to make only one sound.

A closed syllable is a special kind of syllable. Closed syllables have ONLY one vowel that is followed by one or more consonants. Closed syllables USUALLY have vowels that make their short vowel sound.

## Try I $\dagger$

Use the rules for dividing syllables above to break the words into word parts.
plastic
landfill

Near Doubles with Abracus

Directions: Use the ten frames to solve the problems.

| Ten Frame |  |  |  | Double |
| :--- | :--- | :--- | :--- | :--- | Double +1

Name

## Our Family Recipe:

Use this card to record a family recipe, it might be one that has been passed down from generation to generation. You can write or draw your favorite recipe here to share with a family member or friend.

## INGREDIENTS

Draw pictures of the ingredients.

## I LOVE THE SPECIAL THINGS I DO WITH YOU.

Emotion: How a character feels.
Expression: How the characters face conveys emotion.

How do these characters feel?

## read, ACTIVITY GUIDE

## High Frequency Words

High frequency words are words that show up a lot when we are reading and writing.

## Or When What

## Label It

Start at the bottom of the ladder. Say the word. Follow the instructions to change each word. Write the new word in the space provided.

## Words to Know

We build a word ladder by starting with a word and using what we know about letters and sounds to make a new word by changing one or two letters at a time. We start at the bottom and build up, just like when you climb up a ladder.

## Read It

Read the poem out loud. Underline the high frequency words.

The Noise by Amy Posey
Clang! Clap! Bump!
What is it?
Stomp! Ding! Thump!
Is it the cat or the dog?
Yes! That is when I saw the cat jump on the lamp! What a bang!

Draw a picture to go along with the poem above.

## Phonics Skills

Spelling Pattern o-u-g-h
When a word contains the spelling pattern o-u-g-h, those letters put together can represent seven different sounds. The chart below has words with four of the most common sounds.

Read the word on the left side of the chart. Listen to the ending sound. Read the word on the right side of the chart using the same ending sound from the first column for the o-u-g-h spelling pattern in the word.

| Matching <br> sounds | Words with o-u-g-h |
| :--- | :--- |
| no | although <br> dough <br> though |
| you | through |
| off | cough <br> trough |
| stuff | enough <br> rough <br> tough |

## Reuse It

The book, Plastic Eco Activities, by Louise Nelson, shows us a couple of ideas for making games out of recycled materials.

Read, Write, ROAR! ${ }^{\text {TM }}$ 2nd Grade Episode 210

Episode 210: Closed and Open Syllables
Book: Coyote's Soundbite: A Poem for our Planet by John Agard

## Read It

A few years ago, lead was found in Flint's drinking water. Many kids got sick because they had been drinking the water for a long time. Some kids had skin issues and even changes to their brains, making it hard for them to learn. Furthermore, it's happening in Benton Harbor and many cities in Michigan right now!

Michigan needs to check its water to make sure kids are not being hurt from their drinking water. One child in one family is too many!

## Try It

Go through and underline each sentence in the text above according to the color code below:

> Green = topic sentence
> Yellow_= important information (story telling parts)
> Blue = details (thoughts; feelings; description sentences)

## Foundational Skills

An open syllable is a special kind of syllable. Open syllables have one WRITTEN vowel that is NOT followed by one or more consonants. Open syllables USUALLY have vowels that make their long vowel sound.

Rules for Dividing Syllables
Every syllable has one vowel or vowel team.
-Place a dot under each vowel
-Underline any vowel teams,
-Divide between two consonants

## Think About It

Look at this word. Each syllable is written in a different color. Which syllable in this word is not "closed in" by a consonant or consonants at the end?

## newspaper

The second syllable ends with the vowel Aa. It is an open syllable.

## Compare The Length

Directions: Put the objects in order from shortest to longest. Label the shortest object 1, label the middle object 2, and label the longest object 3 .

Directions: Compare the 3 objects below. Fill in the blanks to complete the sentence.

is taller than the $\qquad$ and
The $\qquad$ -•

Materials:

1. spinner (you will need a pencil and paperclip to create the spinner)
2. recording sheet
3. 2 players

## Directions:

1. Player 1 spins and splits their shape.
2. Compare the shapes.
3. If you made equal parts, name the parts using halves, thirds, or fourths on the recording sheet.
4. Player 2 repeats steps $1-3$. Continue taking turns until the recording sheet is filled in.

Math Mights 2nd Grade \#311| © Strategic Intervention Solutions, LLC I mathmights.org

Math Mights 2nd Grade \#311| © Strategic Intervention Solutions, LLC | mathmights.org

## Equivalent Fraction Roll

Materials: 6 dice
Directions:

1. Player 1 rolls 2 die and makes a fraction with the 2 amounts shown on the dice. If you roll any fives, they count as a wild card and can be any number you'd like.
2. Player 2 rolls 6 dice and tries to create a fraction that is equivalent to Player 1 's fraction. (remember fives are wild)
3. If you cannot, re-roll as many number dice as you'd like. You can re-roll twice.
4. If you can make equivalent fractions, record your statement and show or explain how you know the fractions are equivalent
5. You get 1 point for each pair of equivalent fractions you write.
6. Repeat steps 1-5 starting with Player 2. Play 8 rounds.

## Week 6: Great Lakes

Dive in and explore the lakes that make Michigan special. Our featured careers this week are meteorologist, oceanographer, and water chemist. Scan the QR code or visit MichiganLearning.org/Summer/Lakes to explore all of our videos this week.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO! Some of them are in this book, and some ask you to use your imagination or go outside.

## A POND WITH A VIEW

DIFFICULTY: EASY

While there is action all around a pond, what do you think is happening in the water? Ponds are filled with animal and plant life that have special qualities that help them spend all or most of their lives underwater. Make this pond viewer to bring on your next pond exploration!

## MATERIALS

- One-half gallon milk carton
- Scissors
- Waterproof, strong tape (e.g. duct tape) or a sturdy rubber band
- Heavy, clear plastic wrap

## LET'S MAKE A POND VIEWER!

1) Have an adult cut off the very top of the milk carton and the very bottom to create a rectangular tube.
(2) Tear off a sheet of plastic wrap and place it over one of the open ends. Fold down the plastic wrap... make sure wrap is smooth and tight for clear viewing.
(3) Using the tape or the rubber band, secure the plastic wrap in place. Keep the plastic wrap as tight as possible so you have a flat viewing surface.

## pbskids.org/naturecat

## POND VIEWING TIPS

1) Splashing and stirring up mud will make it difficult to see into the pond. Be as still as possible when using your viewer.

2 Despite what NatureCat says, it is noble and fun to get wet! If the shoreline is murky, slowly wade out to your knees before using your viewer where it may be less murky.
(3) Other ways to view: on a dock, over the side of a canoe, or in a stream, lake or tide pool!

Describe a plant or animal that you see. Draw a picture of it, and ask an adult to help you identify and label your picture.

## pbskids.org/naturecat

## Try It

Write or draw things in the diagram that you see in the Daytime on the left, and things you see in the Nighttime on the right. Things that you see in both day and night can go in the middle.

## Draw It

In the story Astronaut Training by Aneta Cruz, Astrid dreams of becoming an astronaut.

Draw something that you dream of being when you grow up.

## Nighttime

## Read It

A compound word is two smaller words that are joined together to
A compound word

## Word Ladder

Help us climb the word ladder! Follow the directions and write each word on the rungs of the ladder. Read each word you write.

Step 6: Take away the p

Step 6: Change the $\mathbf{i}$ to a u

Step 5: Take away the final e

Step 4: Add an $\mathbf{s}$ before the $\mathbf{p}$

Step 3: Change the $\mathbf{m}$ to a $\mathbf{p}$

Step 2: Change the d to an e

Step 1: Change the w to an $\mathbf{m}$

Start here

Book: The Water Walker by Joanne Robinson

## Compare It

Choose two fiction books to read and then fill in the chart below.

| Comparing Literature |  |  |
| :--- | :--- | :--- |
| Title of Book 1 | Story <br> Elements | Title of Book 2 |
|  | Setting |  |
|  |  |  |
|  |  |  |
|  | Characters |  |
|  |  |  |

## Phonics Skills

Let's make and read words as we move up the word ladder. Start at the bottom. Read the word
sister. Remember that we can split words with more than one syllable between consonants (sis/ter) to make them easier to read. Follow the directions to see how to change the first syllable in each word as you move up the ladder. Each time you make a new word, practice reading and writing it before moving further up the ladder.

## Think About It

Using the information you filled out in the chart above, answer the following questions.

How are the two books alike? How are the two books different?

Book: Ajijaak ("Crane") by Cecilia Rose

## Foundational Skills

Asking questions while reading a book can deepen your understanding of the story. Use the chart below to write questions as you are reading. Go back and reread parts of your book to answer your questions. Write your answers below your question. Be sure to include the page number where you found your answer.

Meet astronauts and virtually visit the planets and stars. Our featured careers this week are astronaut, astronomer, and computer scientist. Scan the QR code or visit MichiganLearning.org/Summer/Space to explore all of our videos this week.

Use the sheet below to mark off this week's activities as you complete them. See if you can get a BINGO! Some of them are in this book, and some ask you to use your imagination or go outside.

| Stargaze |
| :---: | :---: | :---: | :---: | :---: |

A constellation is a series of stars that form a picture in the sky. Astronomers use it today to help pinpoint the locations of other stars. Ask an adult to help cut out the four constellations and punch small holes on each star. These points are the locations of the stars in each constellation.

## URSA MAJOR

Ursa Major is also known as The Great Bear. Ancient Greeks tell the story about a beautiful girl named Callisto who was turned into a bear by a mean goddess. A tracker tried to catch the bear, but the Greek God Zeus saved Callisto by placing her up in the night sky where she was safe.

## URSA MINOR

The story of Ursa Minor, or The Little Bear, comes from the Ancient Greeks. Arcas was a great hunter. One day while hunting in the woods, he came across a great bear. Little did he know that was actually his mother, Callisto, who was under a spell. Arcas was about to catch the great bear, but the Greek god Zeus, stopped him just in time and turned Arcas into a little bear so he could be with his mom. Zeus placed the two bears into the sky to keep them safe and protected.

## LEO THE LION

In Greek myths, Leo the Lion lived outside an ancient city called Nemea. For many years, Leo would scoop up people from Nemea and no one would stop him. One day, Hercules went to stop the lion and won. Everyone who the lion had caught was set free. Zeus made Leo a constellation in the night sky to remind people of the story of Hercules and Leo.

## TAURUS THE BULL

The Ancient Greeks tell the story of a wild bull named Taurus who had a bad temper. One day he trampled a field of wild flowers and Persephone, the Goddess of Spring, got very sad. Taurus apologized and they soon became good friends. From then on, every spring, Persephone would ride on Taurus' back and the two of them would make the flowers bloom as they walked by.

Episode 216: Our Round, Round World and Plurals Book: It's a Round, Round World by Ellie Peterson

## Mystery Word

A noun identifies a person place, thing or idea.
A singular noun names one person place, thing or idea, while a plural noun names more than one person, place, thing or idea.

Most singular nouns need an 's' at the end to become plural.
For example,
Singular (1): dog
Plural (more than 1): dogs
Regular singular nouns ending in 's', 'ss', 'sh', 'ch', 'x', or 'z' need an 'es' at the end to become plural.
For example,
Singular (1): glass
Plural (more than 1): glasses

## Try It

A constellation is a group of stars that forms a shape or picture. Connect the dots to see the Big Dipper Constellation shape.

## Try It

-s or -es?
Practice making the following nouns plural by adding -s or -es. Remember to look at the ending to decide. Words ending with 's', 'ss', 'sh', 'ch', 'x', or 'z' need an 'es'
brush $\qquad$ can tent $\qquad$ hand $\qquad$ pen $\qquad$ box $\qquad$

## Try It

Observation means to notice or see, or watch or listen carefully.
Find somewhere where you can use your senses to make some observations. Write what you hear @, see 00 , smell $\Theta$, or feel $\mathbb{C}$.
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Read It

Read the following passage out loud. Underline the compound words.

Yesterday, in art class, we were making posters out of cardboard. We used markers, magazines, and watercolor paints. Our posters were all about reducing, reusing, and recycling. We brainstormed ideas on the whiteboard and on notebook paper. When we finished, we posted our classwork in the hallways, the lunchroom, and on the playground.

## Read It

Choose one compound word that you underlined above. Write each word that makes up the compound word on a blank below. Rewrite the word from the paragraph on the next line..
$\qquad$ word
$+$ $\qquad$

Is this word a simple or complex compound word?

## Words to Know

Compound Word - a word that is made up of two or more smaller words

Types of Compound Words:
A simple compound word has two syllables sun + shine = sunshine

A complex compound word has more than two syllables.
after + noon = afternoon

## Try I $\dagger$

Design your own tee shirt to promote reducing, reusing, and recycling.

## Think About It

When you are reading a story, think about the way the characters act. What patterns and behaviors do they display?

A character's behaviors and patterns help us make predictions and infer the kind of person they are using our schema (background information).

## Foundational Skills

Character theory is the name of the character + your thoughts about the character + evidence in the book that provides support for your thoughts.

## Try It

Use the graphic organizer below to create a character theory about a character in a book that you are reading.

Who is the character?
How does the character act? (patterns and behaviors)
$\qquad$
$\qquad$ because
$\qquad$
$\qquad$ is $\qquad$ because
$\qquad$
