Island Dream:

- I wonder what this island would smell like? Close your eyes. What do you think? I wonder what sounds you would hear?
- What three things would you want on your dream island?
- Wimage: Using the island background, invite your kids to fill it with what they'd want on their dream island.
- Scavenger Hunt:
 - Find 5 butterflies
 - Find 18 crayons
 - How many cupcakes can you find? (15)
- Activity: Have a cupcake party. During it, invite your class to draw butterflies with crayons.

Spaghetti Pickle Pie Dream:

- What could you make for a friend who was sad? Would you make something different for a friend who was scared?
- Would you eat spaghetti pickle pie? What things would you like to put in your dream pie?
- Wimage: Using the store background, invite your kids to fill it with ingredients for their dream pie, or what they'd want in their dream store.
- Scavenger hunt:
 - Find 4 bags of marshmallows
 - Find 12 pickles
 - How many circles can you find?
- Activity: Bake a pie with unusual ingredients with your class.

Baseball Dream:

- What animal would you want to play baseball with?
- I wonder what animals do that we don't know. Think of an animal. What do you imagine that animal might do for fun?
- Wimage: Using the baseball background, invite your kids to create a baseball team of animals.
- Scavenger hunt:
 - Find 7 trees
 - Find 6 rectangles
 - How many triangles can you find?
- Activity: Head outside with your class and have them bat at different types of balls: a whiffle ball, a softball, a tennis ball, a cotton ball, a ball of paper, a bouncy ball. Have them predict beforehand which ball will go the farthest.

Ocean Dream:

- If you could dive deep into the ocean, what would you want to do?
- If you could join Wimee in the submarine, what songs would you sing to the seaweed?
- Wimage: Using the ocean background, invite your kids to put what they'd like to see in the ocean.
- Scavenger hunt:
 - Find 1 anchor
 - Find 10 seaweed
 - How many circles can you find?
- Activity: Make an indoor water garden (a water terrarium) with your class.

Farm Dream:

- What animal would you like to see in charge of a farm? Why?
- If you were in charge of a farm, what fruits and vegetables would you grow?
- Wimage: Using the farm background, invite your kids to add the animals and produce they would like to have on their farm.
- Scavenger hunt:
 - Find 5 watermelon
 - Find and name things that are purple.
 - How many triangles can you find?
- Activity: Make watermelon squish bags with your class:

Potato Battery Dream:

- I wonder what other things a potato battery could power. What are your ideas?
- If you could invent something, what would it be?
- Wimage: Using the lab background, invite your kids to fill it with things they might use to invent something.
- Scavenger hunt:
 - Find 4 potatoes
 - Find 4 batteries
 - How many eyes can you find?
- Activity: Build and demonstrate a potato battery with your class.

Party in the Park Dream:

- Who would you want to have a party in the park with? Would you invite any animals?
- If you were going to a party in the park, what would you bring?
- Wimage: Using the park background, invite your kids to create a big party celebration!
- Scavenger hunt:
 - Find 7 trees
 - Find 10 feet
 - How many different shapes can you find?
- Activity: Make construction paper bow ties with your class and then have a book party (with baskets of books) on blankets outside.

Monster Truck Taxi Dream:

- Where would you want to go in a monster truck taxi?
- If you were going on a trip across the country, what would you want to bring with you?
- Wimage: Using the city background, invite your kids to add different things they might see in a city.
- Scavenger hunt:
 - Find 1 recycling truck
 - Find 7 vehicles
 - How many squares can you find? How many rectangles?
- Activity: Get out a map of the United States and show your class where New York City and Happy Valley (CA) are located. Take a toy vehicle and drive it from one city to the other on the map.

Space Dream:

- If you could blast off in a boat, where would you want to go?
- What type of plant would you want to give to a friend for their birthday?
- Wimage: Using the space background, invite your kids to create a fun scene.
- Scavenger hunt:
 - Find 5 pieces of fruit
 - Find the potato
 - How many stars can you find?
- Activity: Have your class make resist art of the nighttime sky

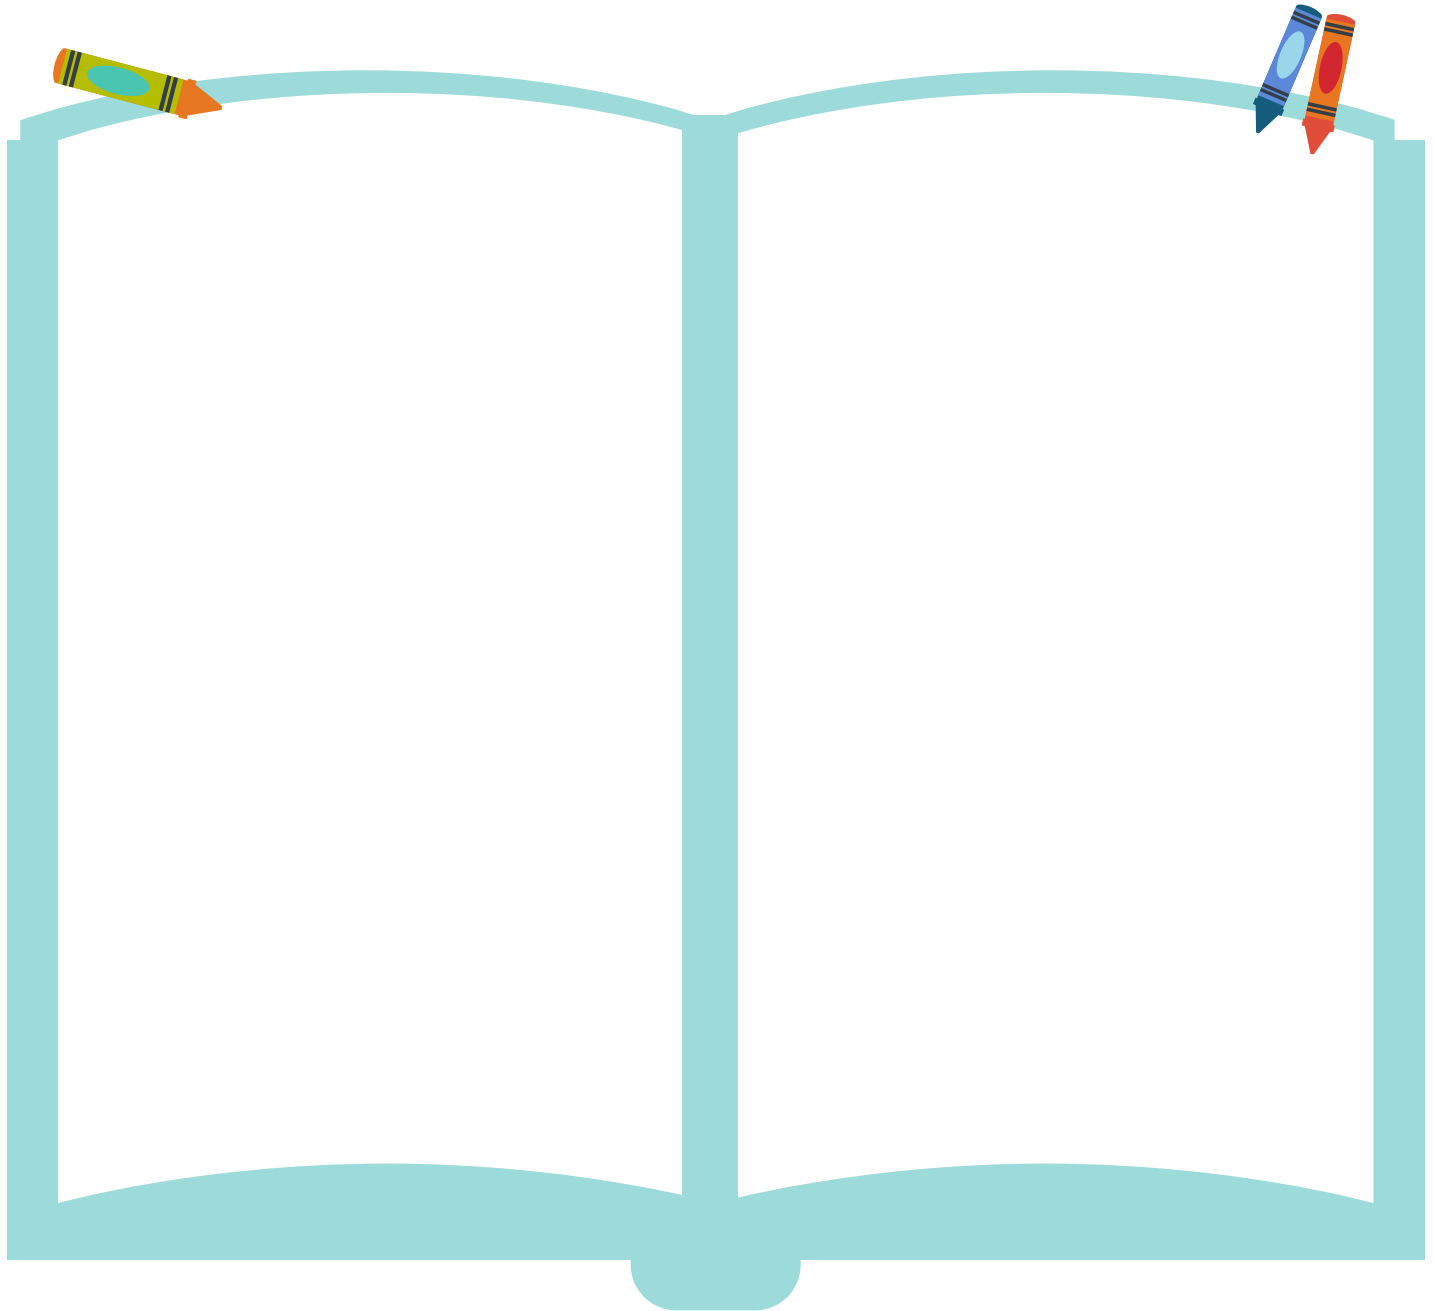

Most Magical Book in the World Dream:

- What do you think might be in The Most Magical Book in the World?
- What do you wish you could discover?
- Wimage: Using the library background, invite your kids to add anything they'd want to see there and be able to borrow.
- Scavenger hunt:
 - Find 15 yellow things
 - Find the large W
 - How many books can you find?
- Activity: Have each of the kids in your class create a page for the most magical book in the world. Combine them all together into a class book.

This could be the most **magical** book in the world!
Draw what's inside.

Wimee enjoys traveling around the world. Find all the vehicles and match them with the word that rhymes.

train

sheep

duck

car

star

rocket

jeep

can

jet

goat

rain

truck

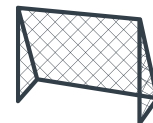

pocket

van

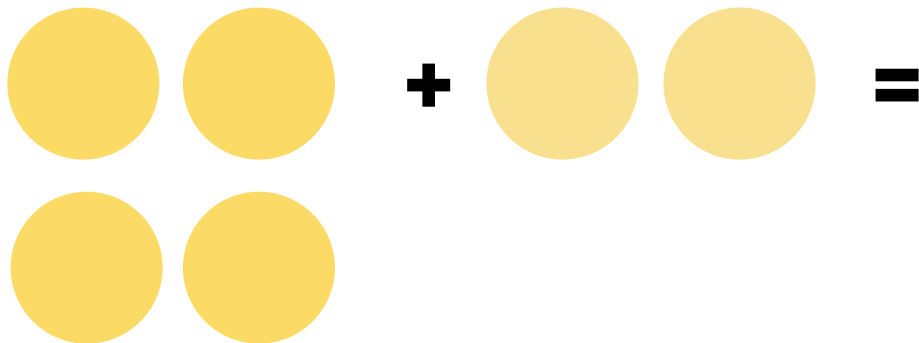

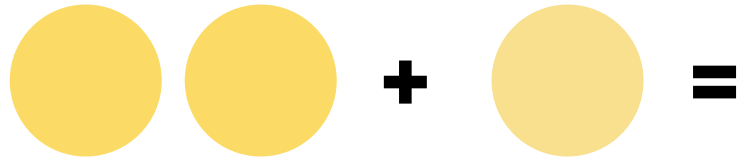

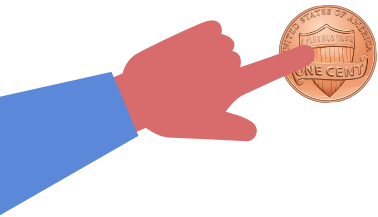

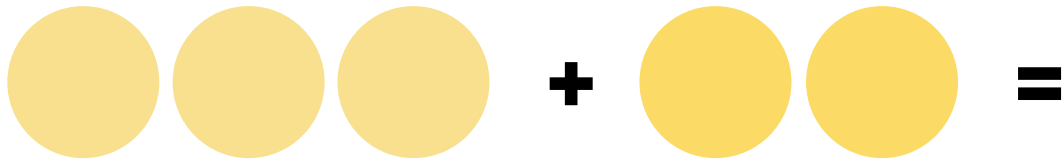

boat

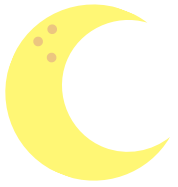

net

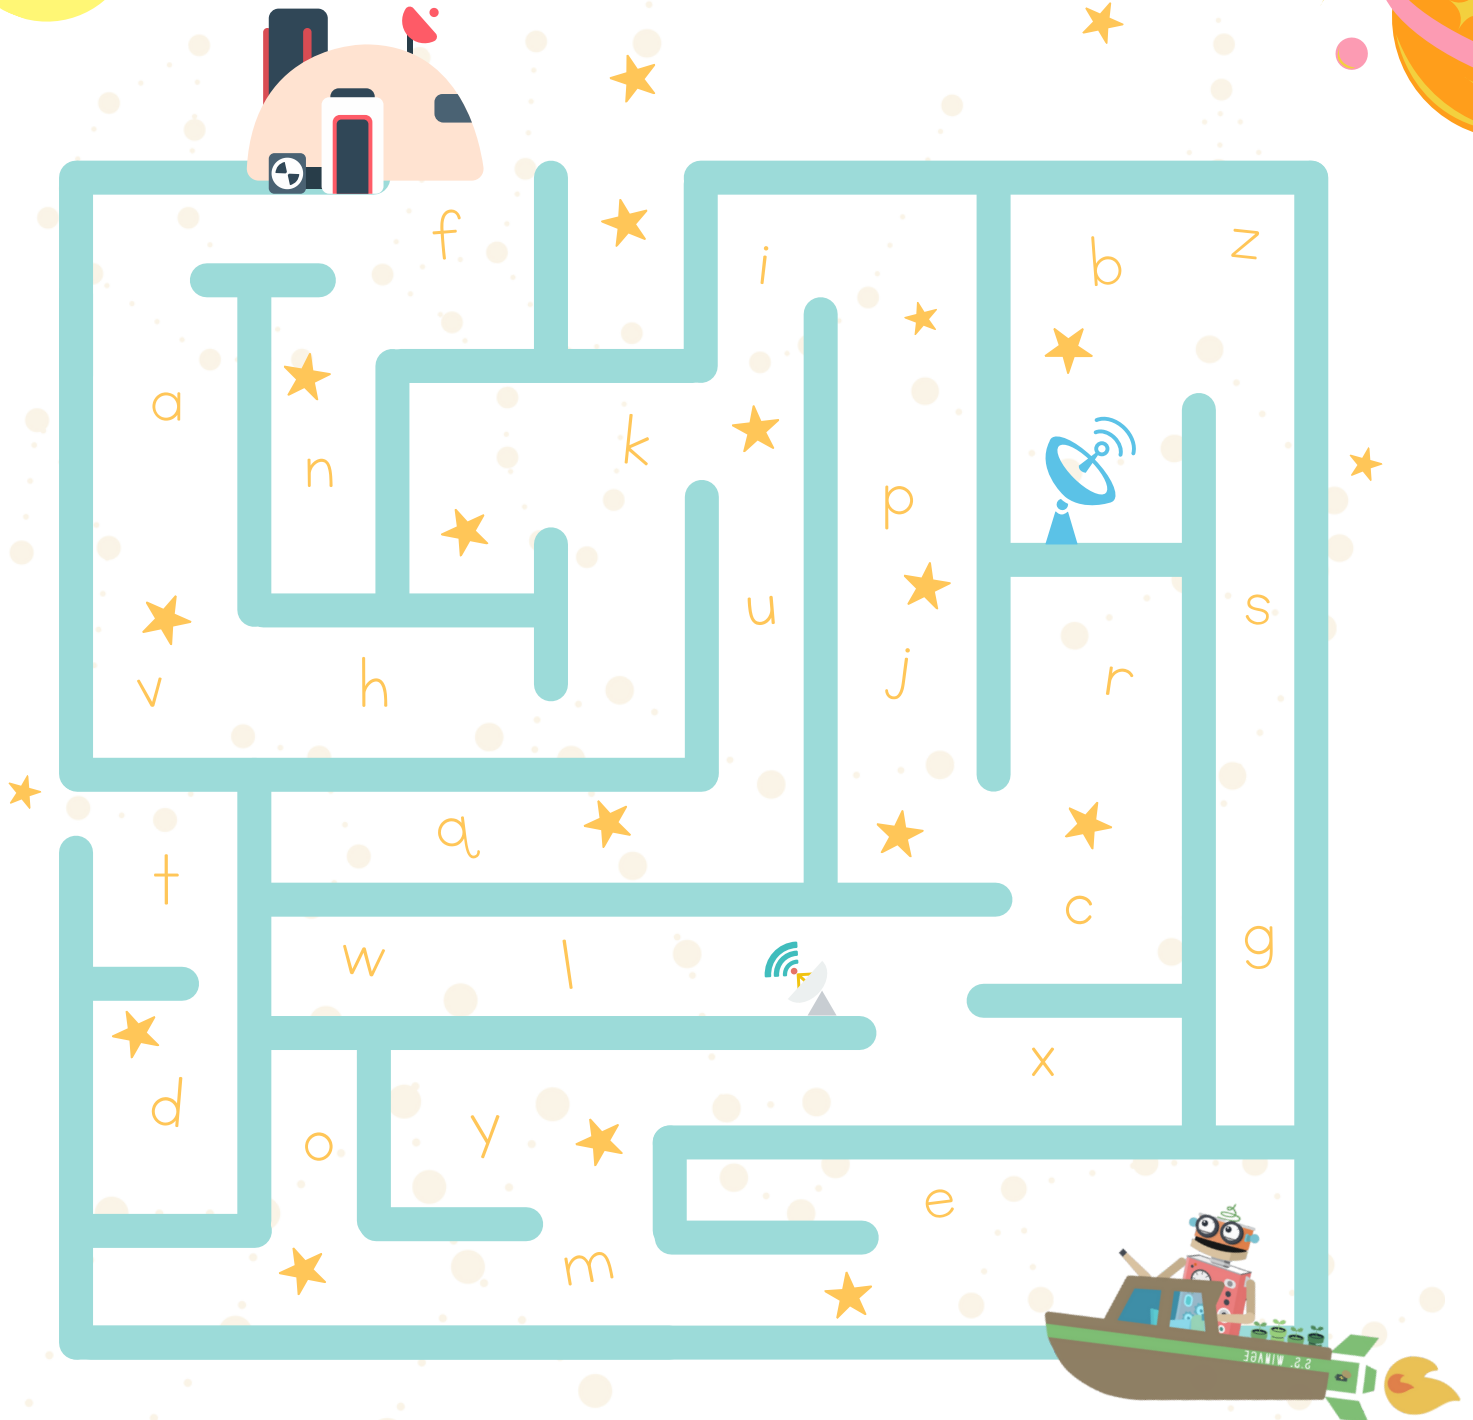

Help Wimee add! Find things that are round and place them on the circles. Then add them together.

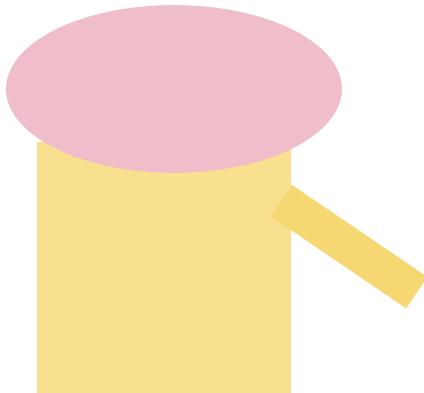

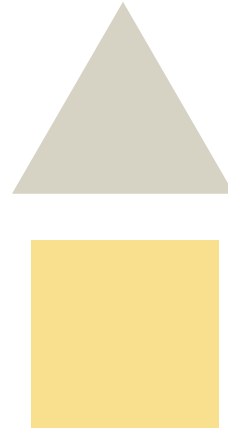

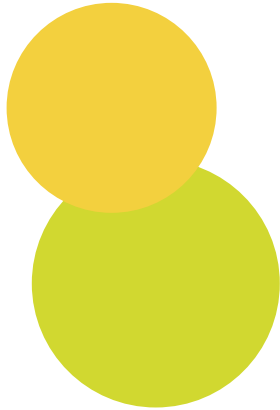

**Help Wimee get to his friend's house.
Then, circle all the letters you can find.**

Finish making friends for Wimee.
